

450 YEARS

## of HISTORY

**2015** marks the 450th anniversary of the founding of St.

Augustine by Spanish explorer Don Pedro Menéndez de Avilés in 1565. We encourage you to discover something new, whether it is a nationally recognized historic site, world-class cuisine, spectacular shopping, beautiful waterfront atmosphere or a quiet moment in a secret courtyard.

We are the first city in the United States to commemorate this milestone. We've got big plans leading up to 2015, and you're invited to join us. Visit us online to find projects and events awaiting your discovery.
