

The Right Side

What goes on the Right side? **Input** goes on the right side!

The right side is where you put the new information, all of the information you are supposed to learn. On the Right is where you glue your handouts.

Keys to success: *Put the topic and Date on the top of the page. *Write info you are given in class. *Use Cornell Note format. *Write Legibly, use a highlighter to make key words stand out. *Summarize key info.

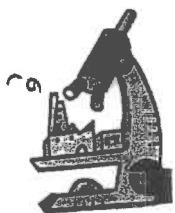

Some Examples of Right side items:

Cornell Notes

Handouts

Labs

Info you need to Learn
