

Study Island Quick Start for Home Use

1. The website page for Study Island is www.studyisland.com and sign in as members. The initial screen is informational only. Use the student code attached. PLEASE KEEP THIS PASSWORD IN A SAFE PLACE
 2. Go to the left side menu and find US PROGRAMS.
 3. Click on US PROGRAMS and find Kindergarten.
Please only utilize Kindergarten NOT Kindergarten Common Core, we will be working on that area at school.
 4. Click on a subject area for MATH or READING.
 5. Pick a skill for your child to work on. There are 10 questions in each category. Please do not assist your child in answering questions. This helps me see what area(s) we need to work on in class.
 6. When finished with each skill set please let students go back and review any of their missed answers.
- Students will get points and rewards for completing skills sets at home.
 - Try to work on Study Island a few days a week in both areas of Math and Reading.

Please let me know if you have any problems logging in.

Thanks and Happy Study Island!
