This Week's News

Reading News: For the next couple weeks we are going to learn about the text structures often found in nonfiction texts. Sometimes it is set up to compare and contrast, show cause and effect, problem and solution, or the steps to do something. In grammar we are working on verb tense. Think past-jumped, present-jumping, and future-will jump.

Math News: In math, we are going to use what we learned about fractions and partitioning a number line and combine it with a rule. We will learn how to partition a ruler's inches to show halves and fourths. In this unit we will also learn how to create line plots and answer questions using the line plots.

Science and Social Studies News: We are working in science on our unit on the sun and the stars. In social studies we are going to start to learn about the west region of the united states.

Other News:

There is a contest to create the yearbook cover. Information should have already gone home about it, but if your child is interested I can give them more information.

Field trip forms and money are due by this Friday, the 16th. If you need another copy of the form let me know and I will either email it or print it for you. Anyone who would like to be a chaperone may as long as you are a cleared volunteer.

We are having our Cultural Feast on November 16th. I send home information about this in last week's Falcon Folder. If you would like to attend, you are welcome to come as long as you are a cleared volunteer.
