This Week's News

Reading News: For the next couple weeks we are going to learn about the text structures often found in nonfiction texts. Sometimes it is set up to compare and contrast, show cause and effect, problem and solution, or the steps to do something. This week we are really focusing on out to compare and contrast.

Math News: In math, we are moving onto equivalent fraction. This is an understanding of fractions that are equal because they are the same amount. We will learn how to figure this out using shapes and a number line. Some examples of equivalent fractions are: $\frac{1}{2}=\frac{2}{4}=\frac{3}{6}$ and $\frac{1}{3}=\frac{2}{6}$

Science and Social Studies News: We are working in science on our unit on the sun and the stars. In social studies we are learning about the west region of the united states. This test will be on Tuesday the 11th. We are also going to start on our last region: the southwest region this week.

Other News:

We will be taking our 2nd iReady diagnostics soon. This is just to see if the students have made any gains from the first diagnostic. Reading will be on December 10th and 11th and Math will be January 10th and 11th.
