5th Grade Class

January 22, 2019

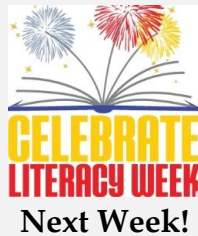

STEM Fair Project

STEM Fair experiments should be completed soon. Students should be collecting data to record in the **STEM journal** (due next week). A completed journal with data, graphs and thorough explanations will be worth **25 points**. Students should also be working on the **backboard** (due in 2 weeks) that will be the portion of the project on display at the STEM Fair.

We hope to see you all at the 5th grade **STEM Fair** on **February 13th**!
