

Weekly Newsletter: December 17-21, 2018

We made it to the last week before winter break ☺ This is a busy week, but is sure to be a lot of fun for these fabulous fourth graders!

This Week We Are Learning

ELA: Strategy Review: This week we are wrapping up some strategy review using our novel, Fenway and Hattie. I was hoping we would be able to get our novel study of Sign of the Beaver going, but we will start out in January with it instead ☺

Math: Multiplicative Comparisons and Metric/Customary Conversions Unit Test: Unit test is Wednesday, 12/19. A study guide was sent home on Friday, 12/14. Additional study resource: IXL N.1-N.7, N.12-N.16 and O.1

Science: Energy Transfer Unit Test: Unit Test Tuesday! Study Materials were sent home on Friday, 12/14 and answer keys were posted on dojo class stories ☺ Looking ahead- STEM fair projects will begin in January, so start brainstorming possible project ideas!

Social Studies: Effects of European Explorers on Florida- wrapping up the unit with a little cause and effect activity. We will start out after break studying the Seminole Wars.

Upcoming Important Dates

December 18: Science Unit Test

December 19: Math Unit Test

December 20: Grade Level Winter Rotations

December 21: Class winter project day

December 21: Early Release

December 22-January 6: Winter Break ☺

Weekly Homework

- Math Study Guide
- Science Study Materials

Are you interested in additional learning resources for at home learning and practice? IXL is a great resource that is available to every student in our class. For each topic being taught in math, there are a series of lettered and numbered tasks to complete. These test style questions provide students with extra practice and are an excellent way to study and prepare for upcoming tests and quizzes.
