Grading Criteria - Filming

2016 - 2017

Points off of Filming

Each filming Credit is worth a total of 10 Point; however, points can be reduced in the following situations.

- 10 – No issues, was on time and stayed for the entirety of the event
- 9 – Arrived late to a game, but prior to the end of the 1st quarter or inning
- 8 – Arrived late to a game, after the end of the 1st quarter, but prior to halftime
- 7 – Left the game early (at any point)
- 6 – Arrived after Halftime
- 5 or lower – Arrived Late & Left early

If filming an away game that is worth 2 credits, 10 points will still be given for the travel credit, but the score for the filming of the game may be reduced.

Points may be taken off if the camera is not back in place after half time or if a significant amount of game is missed for other reasons.

Other points may be taken away from the filming credit for not following the information that is outlined in the Filming FAQ packet.

Points will be lost if the Post-Game handshakes are not filmed.

Exceptions may be made with appropriate contact and discussion with Coach Stephens.
