

Name _____

Another Look! Solve any way you choose.

Write the missing number.

$$58 + 19 = \underline{\quad}$$

One Way

Use compensation.

$$58 + 19 = ?$$

$$+ 2 - 2$$

$$60 + 17 = ?$$

$$/ \setminus$$

$$10 \quad 7$$

$$60 + 10 + 7 = 77$$

Another Way

Use partial sums.

$$58$$

$$+ 19$$

$$\hline 60$$

$$+ 17$$

$$\hline 77$$

$$\text{So, } 58 + 19 = 77.$$

Look at the numbers in the problem to help you be efficient.

HOME ACTIVITY Write two numbers that are each between 10 and 50. Ask your child to explain an efficient way to find the sum. Then have your child show or describe how to use that method to find the sum.

Additional Practice 4-7 Complete Tasks with Mathematical Fluency

Solve any way you choose.

1. $66 + 28 = \underline{\quad}$

2. $49 + 9 = \underline{\quad}$

3. $42 + 37 = \underline{\quad}$

Coloring Books

Fran's Fun Shop sells toys and coloring books. The table shows the number of pictures in the coloring books.

Think about an efficient method you can use to solve each problem.

Coloring Books	
Book	Number of Pictures
Farm Animals	38
Super Heroes	25
Fairy Tales	40

4. **Explain** Paulo says that the Farm Animals and Super Heroes coloring books have 67 pictures in all. Are his work and answer correct?

Explain. 2.AR.1.1, 2.NSO.2.3, MTR.4.1

$$38 + 25 = ?$$

$$+ 2 \quad + 2$$

$$40 + 27 = ?$$

/ \

$$20 \quad 7$$

$$40 + 20 + 7 = 67$$

5. **Be Efficient** How many pictures are there in the Super Heroes and Fairy Tales coloring books in all? Solve the problem any way you choose. Show your work. 2.AR.1.1, 2.NSO.2.3, MTR.3.1
