*Diamond Del's Gem Mining is tomorrow! I'm sure your child will come home excited and ready to show you his/her gems and what s/he learned about rocks and minerals!

The end of the 9 weeks is this Friday. Many students are still needing to take AR tests to meet their 100% goal and celebrate with the other 2nd graders who met their goal by having snow cones and extra recess. See below for how to help your child.

Box Tops are due October 17th! Send them in anytime before this date!

The OLSAT (gifted screener) will be given Thursday morning. .

Students of the
Week:

Jayda Speight
and
Jonny Sprowles

Students can now take AR quizzes at home! After your child has read a book and discussed it with you, they can go to the R.B. Hunt website, click on 'Links for Students', and then choose the Accelerated Reader (Renaissance Learning) icon. Students will write their login information on this paper. Thanks for your help!
