Mrs. Larsen is working on summer playing assignments for when we return in August. We should have those for all new and returning members in the next 2 weeks.

We are currently working on next year numbers, music and drill. If you are NOT returning please make sure a section leader knows this week. We are starting to contact our new and returning members to verify numbers and contact info.

We hope to be able to announce the Fall Halftime Show theme the week of May 11th. We will then have 10 days for anyone interested in creating our T Shirt design. Be on the lookout in the band room, in classes and online for details!

We will continue to play and work on fundamentals the next few weeks in all classes. (We are not done!!!) instruments are needed daily.

The last few days of classes will be spent working on instrument maintenance and basic repair, cleaning and storing of equipment and more.

Fantastic year - we thank you so much for joining us on our musical journey in the 2025-2026 School year!!

Band End of Year Slideshows

Seniors

I'd like the seniors to send me an email with their name as they want it to appear on the slideshow, a picture of them when they were little, 2 pictures of them with their instruments over the past 4 years, and 3-5 photos from their high school experience, ideally with the Power of Creekside. I'd like them to send that info on the form to my personal email address, anwitaiyengar01@gmail.com.

General Slideshows - Any good pictures!

Also, for the general end of year slideshow, if all images could be sent to the email powerofcreeksideband@gmail.com, that would be awesome. Thank you so much!

Board Elections!!!

Elections for the board will be held on April 28th at 6pm in the band room. The meeting is open to all voting members of the Booster association. Hope to see you there!
