

TEACHING EXPERIENCE: I'd say I have the most teaching experience of anyone in St. Johns County, but I don't know that for sure. My education career began with the first 7 years in Los Angeles, three of those in South Central LA and four in the San Fernando Valley. My Florida experience that followed has all been in St. Johns County: 12 years at Julington Creek Elementary, 2 years at Switzerland Point Middle, and 15 years at Creekside. I'm in my 37th year of teaching, and after all this time I can still say I enjoy what I do. So don't mess that up for me this year. LOL.
