for week of:  
9/27-10/1

### Weekly Preview

**Math:** Students will be looking at decimal place value and work on writing decimal numbers in expanded notation, standard form, and word form. We will also be comparing and rounding decimals. **\*\*NEW\*\*** There will be a weekly Math 4 Today quiz every Friday.

**Science:** Students will continue to work on the engineering process.

**ELA:** We will continue on to Unit 4 in Wordly Wise. *Dying to Meet you* at home learning projects will have been sent home and are due Sep. 28th. Please review the criteria for each choice carefully. **\*\*NEW\*\*** Students will begin working on Achieve 3000. This program aligns with your child's interest and specific Lexile. Students will be required to complete 2 articles each week with a score of 75% or higher on the first try. Students are encouraged to write the lesson title and score in their planner. Both lessons are due no later than 8 pm Thursday night. The score will be entered into HAC as a formative ELA grade. Students log on to iReady and Achieve through their Clever accounts.

**SS:** Students will be starting Unit 2: Native People of North America. Open book quizzes will be completed up-
